What you need to know:

- Physicals are available for anyone planning to attend resident camp for the upcoming summer season or for high adventure trips, such as Philmont, Northern Tier, or others.
- Current Annual BSA Health and Medical Records **ONLY**, unless your BSA high adventure activity has a special BSA Health and Medical Record. The most current printing of the BSA Annual Health and Medical Record is the **2014 Printing**. We cannot accept earlier printings.
- **Appointments are pre-paid, first come-first served, by appointment only.**
- Cash, check, or credit card only—we cannot accept insurance for this clinic.
- Bring any medications your camper is currently taking—prescription medications, over the counter medications, herbal medications, or supplements—whether oral medications, sprays, lotions, or injectables, etc.
- **Youth should be accompanied by an adult knowledgeable of the Scout's medical history, in case of questions by the medical providers.**
- For their own safety and well-being, youth with significant or complicated medical conditions should see their own healthcare provider. Contact Nita Grubbs at the Scout office if questions as to whether or not you should utilize our clinic.
- Physicals are available for adults attending camp, but NOT for adults with chronic health conditions which may include, but are not limited to: high blood pressure, any form of heart disease or renal (kidney) disease, diabetes, or any medical condition for which you must periodically have lab work or other medical testing. Contact Nita Grubbs at the Scout office if questions as to whether or not you should utilize our clinic.
- This is a well patient check-up in preparation for summer camps. Please do not bring sick children or come sick to the clinic.

*Thank you for supporting the Old North State Council
Camp Physicals Clinic. Proceeds from the clinic go to
support health and safety services at all of our camps
(resident camps, Cub Family Encampments, Boy Scout
Camporees, and more).*
